# Fatima Ramzan

Jaranwala, Pakistan | +92 3446710774| fatimaramzan739@gmail.com | Github

## SUMMARY

Motivated Full Stack Developer with hands-on experience in building modern web applications using React.js, Next.js, Node.js, Express.js, MongoDB, MySQL, and Supabase. Skilled in developing responsive user interfaces, RESTful APIs, authentication systems, and scalable database solutions. Strong understanding of software development principles, three-tier architecture, and secure web application development. Passionate about problem-solving, clean code, and building user-friendly digital products.

## EXPERIENCE

**Junior Full Stack Developer** January 2024 – Present SKILLS Career Institute, Jaranwala, Pakistan

- Developed and maintained web applications using React.js, Next.js, Node.js, and Express.js .
- Built responsive and user-friendly interfaces using HTML5, CSS3, Bootstrap, and Tailwind CSS.
- Developed RESTful APIs and integrated frontend applications with backend services.
- Worked with MongoDB and Supabase for database design, management, and data operations.
- Applied software development best practices including Git version control and code reviews.

## TECHNICAL SKILLS

**Frontend Technologies**

· HTML5, CSS3, JavaScript (ES6+)
· React.js, Next.js
· Bootstrap, Tailwind CSS

**Backend Technologies**

· Node.js, Express.js
· RESTful API Development

**Databases & Backend Services**

· MongoDB
· MySQL
· Supabase

**Authentication & Security**

· JWT Authentication
· Role-Based Access Control (RBAC)

**Tools & Platforms**

· Git & GitHub
· Vercel / Netlify

## PROJECTS

### Personal Mentor

- Developed a personal mentoring platform focused on learning, guidance, and productivity.
- Built responsive interfaces using Next.js, React.js, and Tailwind CSS.
- Implemented user authentication and profile management using Supabase.
- Integrated Supabase for database management and data handling.
- Built reusable components and optimized the application for desktop and mobile devices.

**Tech Stack:** Next.js, React.js, Tailwind CSS, Supabase

### LearnFlow – Learning Management System

- Developed a full-stack learning management system using Next.js, React.js, Express.js, and Node.js.
- Built responsive interfaces for students, instructors, and administrators.
- Implemented authentication, course management, learning modules, progress tracking, quizzes, and course enrollment.
- Integrated MongoDB for managing users, courses, learning progress, and application data.
- Implemented role-based access control and structured learning workflows.

**Tech Stack:** Next.js, React.js, Node.js, Express.js, MongoDB, Tailwind CSS, JWT
